Architectural Wood Finishing

About Rosati Specialties

Rosati Specialties LLC was established in 2000 as a contract wood finishing company.

We work with millwork shops, large and small cabinet manufacturers as well as OEM suppliers to the cabinet industry.

We support our clients with top quality work at a reasonable cost and we strive for customer satisfaction.

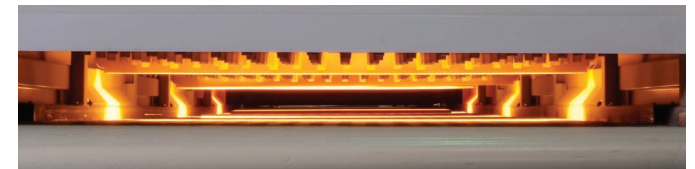

What We Do

We specialize in FLAT PANEL finishing and ARCHITECTURAL wood finishing:

- architectural grade door skins
- architectural flush and panel wood doors
- plywood of any thickness
- cross-grain panels
- cabinet components
- two-sided panels & edges
- stocking programs
- 50" x 144" max sheet size
- flexible production runs: 1 - 5000+ pcs.

Our Process

- UV flat line
- Waterbase stain rollcoat line
- Spray finishing capabilities
- Customized stain matching - most stains made on site, waterbase
- Large inventory of supplies with wide range of suppliers
- Drop shipping available

Eco-Friendly
